MySQL

Vardan Patadiya

Pursuing M.C.A at L.J. University | Laravel | Core-python | C
Ahmedabad, Gujarat, India

Summary

Hi, I'm an MCA student with a strong interest in back-end development and building real-world software solutions.

I enjoy coding with technologies like Laravel (PHP Framework), Core Python, C language, and SQL. I specialize in writing clean backend logic and managing structured data with MySQL databases.

I completed my Bachelor of Computer Applications (BCA) from Saurashtra University, Rajkot (2021–2024) with a CGPA of 7.3, and I'm currently pursuing my MCA.

Academic Projects:

1## Car Rental Web Application (Laravel + MySQL) – MCA Semester 2

- >Built a platform with both user and admin panels
- >Users can register/login, view available cars, and book a car via form
- >Admin can add cars, manage users, and view booking details
- >Used MySQL for backend data management

2## School Management System (C# Windows Application + MySQL) – BCA Final Year

- >Created a desktop application with admin-only features
- >Admin can add/admit students, add staff, and perform full CRUD operations
- >Handled backend operations using MySQL for data storage and management

Education

LJ University

Master of Computer Applications - MCA, Computer Programming, Specific
Applications · (July 2024 - June 2026)

Saurashtra University, Rajkot
BCA, Python · (January 2024 - April 2024)
